

TITLE OF THE CONTRIBUTION (MANDATORY)*
Subtitle of the contribution (optional)[†]

Author 1[‡] **Speaker Author**[§] (Mandatory) Author 3^{‡,¶}

Institute 1 (Mandatory)
Institute 2

Here goes the abstract. The complete abstract must be at most 1 page long. If some package is required, include it in the preamble of your `.tex` file.

Note that in this example all authors share the same institutes. For another example look at `exMany.tex` file, which contain a case of use of many institutes (the authors work in different institutions).

Keep in mind that the `lawcg.cls` is a best effort class from a newbie L^AT_EX programmer. So, try to follow the guidelines and if you need something special or should you have any problem, please send an e-mail to `lawcg14@inf.ufg.br`.

*Footnote for the title (optional).

[†]Footnote for the subtitle (optional).

[‡]Footnote for author 1.

[§]Footnote for Speaker.

[¶]Author 3 has two footnotes; its first footnote is equal to the footnote of Author 1.
